

# HABITOWN HAPPENS

Habitown Echo-Spring Issue

## Local athlete, to retire at 12?

By RU

10-year old NP, from Toronto Ontario, won the 2010 Ontario Championship at junior level, and qualified to represent the section at Junior Nationals. She is a star athlete, but it looks like her career is over already!

Since her family has moved to Habitown, she is struggling to find a place to practise. Her school pool has been shut down due to devastating cut backs.

The new development planned for Habitown consist of a

community centre that will house an Olympic size pool, seniors centre and have room for many local businesses. There are many advantages to this proposed development, the most important, in my opinion, is that this will support one of our young athletes. We need to think of the future of our young people!
