

Letter from K.C.

Dear M _____,

I don't know if you remember me. You taught me a few years ago. I am now in grade 4. What grade are you teaching now?

I need your help. I am in trouble. My friends are losing their homes. I don't know what to do. I don't know who else to turn to. I thought of you because of that special project we did.

K.C.
