In My Opinion...

IF ONLY THE OWNERS REALLY WERE SORRY

Dogs are not responsible for the messes they make - it is their owners. Yet time and time again, I have seen dogs, off their leashes, messing up everything. I have had my fill of dog poop on my lawn, in the park by my home, and on the bottom of my shoes. Unless dog owners are fined for allowing their dogs off leash, our city will stay dirty. It is time that this law is enforced!

C. G. Editor

Letters to the Editor

The Park Dog Association has been working very hard to educate dog owners about keeping our city clean. We are pleased to say that there is much improvement. Dogs have a right to run free in our parks and dog owners have the right to have dogs. Let's try and work together.

**J.B., President of the
Park Dog Association**

Terror Unleashed

I know this is silly to complain about dogs when there is still hunger and other problems in our world, but an off leash dog chased and terrified my two year old the other day. Can we at least stop this?? **D.H Law-abiding**

Let's get real!

I don't have any problems with dogs or people. I am tired of all this complaining. Don't we have more important things to worry about in our city like homelessness and declining health care?

C. F.

I love dogs.

Dogs love me.

Why can't we all just be happy?

S.L. Dog Owner
