

**Grade 5 Drama: Letter from the Minister of Transportation**

September 13<sup>th</sup>, 2010

Attn: Mayor of \_\_\_\_\_

To Whom it may Concern:

I am writing to inform you of a new development that will affect your town and community at large.

There is a plot of open land that separates two communities. The province and Ministry of Transportation has decided that because this land currently serves no specific purpose, it is a suitable location for a new interchange for the highway being built south of your community.

Your community will be compensated financially for the disturbance and hopefully this gesture will satisfy your citizens and ease any worries they may have.

I trust that you will deliver this information to your constituents in the appropriate way. I will be making a trip to your community in the near future for a town hall meeting. Please encourage your citizens to prepare questions and comments; I will be happy to answer them during my visit.

Thank you for your cooperation in this matter

Sincerely,

Jerry Bradley

Minister of Transportation
