

Dear Matthew,

Thank you for sharing your thoughts about our *Who Does What in Education?* brochure. It was not our intention to downplay the important role subject associations play when it comes to education in Ontario.

As a parent, I recognize and understand the importance of associations like yours. On behalf of the College, I would like to extend our appreciation for all the hard work and dedication shown by the OCTs who volunteer with and lead these groups, including those involved with the Council of Drama and Dance Educators.

As subject-area leaders, teachers who contribute to these associations help to ensure both student success and ongoing professional development and reflection for OCTs across the province.

We also want to take a moment to recognize the last year and a half has not been easy. We are grateful to all teachers for going the extra mile to pivot and adapt to the ongoing stresses and challenges caused by the pandemic.

Your feedback has been shared internally for discussion and will be taken into consideration for the next iteration of the brochure.

Thank you again for taking the time to correspond.

Sincerely,

Melissa Campeau
