

MARSHMALLOW CHALLENGE

1. **Build the Tallest Freestanding Structure:** The winning group is the one that has the tallest structure measured from the bottom surface to the top of the marshmallow. It cannot be suspended from a higher structure, like a chair, or held up and supported in any way.
2. **The Entire Marshmallow Must be on Top:** The entire marshmallow needs to be on the top of the structure. Cutting or eating part of the marshmallow disqualifies the group.
3. **Use as Much or as Little of the Kit:** The group can use as many or as few of the 20 spaghetti sticks, as much or as little of the string or tape. You cannot use the paper bag as part of their structure.
4. **Break up the Spaghetti, String or Tape:** You can break the spaghetti, cut up the tape and string to create new structures.
5. **The Challenge Lasts 18 minutes**
